

# Are you a high school student with a passion for ART?

This program offers an introduction to a variety of media, including painting, drawing, printmaking, and sculpture.

*(All materials provided / no previous experience is needed.)*

## WHY CHOOSE OUR PROGRAM?

- **Comprehensive Exploration:** Explore a diverse range of artistic techniques and styles through hands-on projects.
- **Join a supportive creative community:** Discover a welcoming and inclusive atmosphere where you can express your creativity and learn from your peers.
- **Experienced instructors:** Classes are taught by our talented upper-level art education and pre-art therapy majors who are passionate about teaching. The program is overseen by USF Creative Arts Art Education and Pre-Art Therapy Program Director, Teresa Vazquez.
- **Showcase your work:** The program will culminate with an exhibition of your artwork for family and friends to admire.
- **Small class sizes:** We keep our class sizes small to ensure that each student receives individual attention.
- **Affordable pricing:** We offer competitive pricing to make our program accessible to everyone.

## CURRICULUM OVERVIEW (8-Week Program)

- **WEEK 1-2: Drawing:** Master various drawing techniques, including graphite, charcoal, and pen and ink. Develop your observational skills and learn to capture the essence of subjects through drawing. Experiment with different styles and perspectives.
- **WEEK 3-4: Painting:** Explore different painting techniques and mediums, such as acrylics, watercolors, and mixed media. Learn about color theory, composition, and brushwork to create your own unique painting masterpiece.
- **WEEK 5-6: Printmaking:** Discover the art of printmaking through techniques like linocut and monoprint. Create multiple copies of your original artwork and explore the possibilities of printmaking as a medium.
- **WEEK 7-8: Sculpture:** Explore the world of three-dimensional art through sculpture. Work with a variety of materials, such as clay, paper, and found objects. Develop your spatial thinking skills and create unique sculptural forms.
